AMMAN

## Objective

I am a hardworking and determined individual with a great passion for the IT industry. As a recent graduate in Computer Science from Jordan University of Science and Technology, I am looking for an environment to utilize my knowledge and develop my creative skill set further.

### Graduation project: Easy Uni Life

Created a dynamic mobile app using Flutter and Firebase, incorporating authentication and real-time features. Integrated Google Maps for enhanced functionality and developed four main systems:

Housing System: Facilitated student housing arrangements.

Exchange Book System: Enabled textbook exchange among students.

Let's Study System: Supported peer tutoring and study group coordination.

Teacher Search System: Implemented a feature for students to find tutors.

Technologies Used: Flutter, Firebase (Authentication, Real-time Database), Google Maps API.

## Experience

### ● Future Advanced Internet Solutions

*Internship*

**Jul 2023 - Sep 2023 · 3 months**

Amman, Jordan · On-site

- Learned Flutter and Firebase.

### ● Nextwo Co.

*Internship*

**Aug 2024 - Present ·**

Amman, Jordan · Remote

- ASP.NET Core MVC 8: Developed web applications utilizing the ASP.NET Core MVC 8 framework, emphasizing clean architecture
- ASP.NET Core Web APIs
- Identity Framework: Implemented ASP.NET Core Identity for user authentication and authorization

## EDUCATION

### Jordan niversity of science and technology

bachelor in computer science

**Graduated: 2024 | GPA: 3.7**

## LANGUAGES

- Arabic(native)
- English (very good)

## programming Technology

- C++
- Python
- Dart
- HTML/CSS/bootstrap
- .Net Core MVC 8
- Flutter
